

About our social care petition

About our new petition

We have a new **petition** at Dimensions.

A **petition** is where lots of people sign a letter to ask for something from someone in authority.

Our **petition** is called **Save our social care: align care and support worker pay to NHS pay bands**

Our **petition** is to the government.

We want support workers to get paid in the same way as people who work for the NHS.

You can read and sign our petition here: www.change.org/p/save-our-social-care-align-care-and-support-worker-pay-to-NHS-pay-bands

What we want our petition to do

NHS workers are paid in **pay grades** which means people with more skills and experience are paid more.

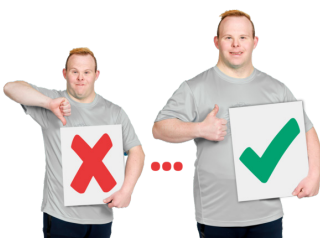

If support workers are paid on **pay grades** it will mean social care will be given money from the government in a different way.

It will mean that people will see how great a job being a support worker is.

It will mean that more people will want to work as a support worker.

We are doing this **petition** now as the political parties are looking for ways to make social care better.

What you can do now

You can find the **petition** here
www.change.org/p/save-our-social-care-align-care-and-support-worker-pay-to-NHS-pay-bands

Please read the **petition**.

If you agree with the **petition** you can sign it.

The more signatures we get on the **petition** the bigger difference it will make.

You can share it with your friends and family as well.

Proving life can get better

Dimensions provides evidence-based outcomes-focused support for people with learning disabilities, autism and complex needs. We help people to be actively engaged in their communities.
